

Psyzygy Clinic POS User Manual

Front desk guide for Psyzygy Psychological Center.

This manual explains the daily workflows for logging in, creating POS transactions, scheduling appointments, collecting payments, printing receipts, and managing scheduling records.

Table of Contents

1. Login
2. Dashboard
3. Client Selection
4. POS Transaction Workflow
5. Transaction History and Receipt Printing
6. Scheduling Appointments
7. Appointment Calendar
8. Rooms Management
9. Associate Availability
10. Client Management
11. Services Management
12. Associate/s Management
13. Referrals
14. Reports
15. Settings
16. Daily Front Desk Checklist

Login

Login screen

Use the login page to access the system.

Steps:

1. Enter your assigned email address.
2. Enter your password.
3. Click **Sign In**.
4. If you forgot your password, enter your email first, then click **Forgot password?**.

Notes:

- Use only your assigned account.
- Do not share passwords between staff members.
- If login fails, confirm the spelling of the email address and ask an administrator to check whether the user is active.

Dashboard

Dashboard

The dashboard is the first page after login. It gives staff a quick view of clinic activity and POS performance.

Use this page to:

1. Check recent sales and payment activity.
2. Review totals and quick metrics.
3. Navigate to POS, transactions, reports, or scheduling from the sidebar.

Client selection in POS

Client selection happens at the start of a POS transaction.

Steps:

1. Click **New Transaction** in the sidebar.
2. Under **Client Information**, open **Select Client**.
3. Choose the client receiving the service.
4. Review the displayed contact, age, and sex information.
5. If the client is new, click **New Client** and enter the client profile before continuing.

Tip:

- Always select the correct client before adding services. Receipts and transaction history are linked to the selected client.

POS service, discount, tax, and payment workflow

Use **New Transaction** when collecting payment for services.

Add Service

Steps:

1. In **Add Service**, choose the service from the **Service** dropdown.
2. Confirm the **Quantity**.
3. Enter a **Custom Price** only when the price should differ from the default service price.
4. Select a **Discount Type** if applicable.
5. Enter a **Manual Discount Amount** only when an override is approved.
6. Click **Add to Cart**.

The cart shows:

- Service name
- Quantity and unit price
- Discount applied
- Associate/s
- Referral source
- Line total

Select Associate

Steps:

1. In the **Associate/s** dropdown, select the associate assigned to the service.
2. Confirm the selected associate appears in the preview area.
3. Add the service to the cart.

Notes:

- Use the associate who actually handled or will handle the service.
- This helps reports and receipts show the correct service provider.

Select Referral

Steps:

1. In **Referral Source**, select the referral source when applicable.
2. Confirm the referral appears in the preview area.
3. Add the service to the cart.

Use this when the client or service came from a school, company, doctor, organization, or other referral source.

Apply Discount

Steps:

1. Select the correct discount from **Discount Type**.
2. If needed, enter a manual amount in **Manual Discount Amount**.
3. Review **Discount Preview** before adding the service to the cart.
4. Confirm the discount appears in the cart and transaction summary.

Important:

- Use manual discounts only when authorized.
- Senior Citizen, PWD, and other configured discounts should be selected from the discount dropdown when available.

VAT/Tax Display

The transaction summary automatically displays tax based on the clinic settings.

If VAT is enabled:

1. The system shows **VATable Sales**.
2. The system shows **VAT 12%** or the configured VAT rate.
3. The **Grand Total** reflects the configured inclusive or exclusive tax mode.

If NON-VAT is enabled:

1. The system shows **NON-VAT REGISTERED**.
2. The system shows **VAT-EXEMPT SALE**.
3. VAT amount remains zero.

Always review the **Grand Total** before collecting payment.

Partial and Full Payment

Steps:

1. In the **Payment** section, choose the payment method.
2. Enter the amount received.
3. For non-cash methods, enter the reference number if available.
4. Review **Total Paid**, **Balance**, **Change**, and the payment status badge.
5. For partial payments, enter only the amount received.
6. For full payments, enter the full grand total.
7. Click **Save Transaction** or **Save & Print Receipt**.

Payment statuses:

- **Unpaid** means no payment was collected.
- **Partial** means payment was collected but a balance remains.
- **Paid** means the transaction is fully paid.
- **Void** means the transaction was voided and should not be collected.

Client: aa

Services:

Group Counseling / Stress Debriefing × 1	₱4,000
Associate: Asso tset	
Referral: Ref test	
Schedule: 5/18/2026 13:00 - 14:00 Assessment Room	

Subtotal:	₱4,000
VATable Sales:	₱4,000
VAT 12%:	₱428.57
Total:	₱4,000
Amount Paid:	₱0
Balance:	₱4,000

Test This receipt acknowledges payment received for psychological services rendered. This is not a psychological report or clinical certification.

Print Receipt

Receipt printing

Steps:

1. Go to **Transactions**.
2. Find the transaction.
3. Click the print receipt button.
4. Review the receipt details.
5. Click **Print Receipt**.

Receipt details include:

- Clinic logo and clinic information
- Transaction number and date
- Client name
- Services
- Associate/s
- Referral source
- Schedule, if the service came from an appointment

- VAT or NON-VAT details
- Total, amount paid, and balance
- Receipt footer

For scheduled services, the receipt shows the appointment date, time, and room.

Example:

Schedule: 5/18/2026 | 13:00 - 14:00 | Assessment Room

Save Appointment

Create appointment

Use scheduling when the clinic needs to book the service first and collect payment later.

Steps:

1. Go to **Calendar** or **Appointments**.
2. Click **New Appointment**.
3. Select the **Client**.
4. Select the **Service**.
5. Choose the **Appointment Type**: In-person, Online, or Hybrid.
6. Select the appointment **Date**.
7. Enter **Start Time** and **End Time**.
8. Select the **Associate**.
9. Select the **Referral Source**, if applicable.

10. Select the **Room** for in-person or hybrid appointments.
11. Confirm the **Amount Due**.
12. Keep the status as **Scheduled** unless the appointment is already confirmed.
13. Add notes when needed.
14. Click **Save Appointment**.

Scheduling checks:

- The associate should be available for the selected date and time.
- The room should not have a conflicting appointment.
- The client should not have another overlapping appointment.
- Inactive services, rooms, or associates should not be used.

If a warning appears, read it before saving. The system may allow staff to continue, but the warning should be reviewed.

Convert Appointment to POS Transaction

Use this when the client is ready to pay for a scheduled appointment.

Steps:

1. Open **Appointments** or **Calendar**.
2. Open the appointment details.
3. Click **Create POS Transaction**.
4. Go to **Transactions**.
5. Find the created transaction.
6. Click **Add Payment** when the client pays.
7. Print the receipt after payment is recorded.

The appointment and transaction remain linked. Payment status updates based on collected payment.

Rooms management

Use **Rooms** to manage clinic rooms and online session room entries.

Steps:

1. Go to **Rooms**.
2. Add or update the room name.
3. Set the room type.
4. Set capacity.
5. Mark the room active or inactive.
6. Add notes if needed.
7. Save the room record.

Notes:

- Inactive rooms should not be selected for new appointments.
- Use **Online Session** for online appointments when a physical room is not needed.

Daily Front Desk Checklist

Start of day:

file:///C:/codes/NEW_POS/docs/manual/psyzygy-pos-user-manual-print.html

20/21

1. Log in with your own account.
2. Check the dashboard.
3. Review the appointment calendar.
4. Confirm rooms and associate availability for the day.

During operations:

1. Search for the client before creating a new client record.
2. Create appointments before payment when scheduling first.
3. Convert appointments to POS transactions when payment is ready.
4. Select the correct service, associate, referral, discount, and payment method.
5. Review VAT or NON-VAT display before saving.
6. Print receipts after payment is recorded.

End of day:

1. Review transactions.
2. Check unpaid and partial balances.
3. Review refunds and voided transactions.
4. Export or print reports if required.
5. Log out before leaving the workstation.
